

Open Lunch Has Been Cancelled

The past week has been an unusually busy week with the social media and threats on schools. Whether they are credible or not, we take them very seriously and want to make sure our students and staff are safe. We have many sources that keep us abreast of situations in our community.

Since the first incident on Monday, September 9, we have continued to be on high alert (even more than usual).

In response to the recent activities and threats around the community, I believe it is in our best interest to cancel open lunch this week (Friday, September 20). When we have open lunch, the number of visitors increases which makes it more challenging to maintain the safety of our students and staff. By limiting access, we can better control the environment and ensure a safer space for everyone.

It is our hope that we will be able to reschedule for the near future.

Thank you for your patience and understanding in this matter.
